

EBAA—Reporting of Hazards and Warning Systems

Pesticide Application Notice

The intent of this policy is to provide adequate management of pesticide applications to reduce the impact on students, employees, and parents/guardians.

In accord with Idaho statutes, the School shall:

- Use no pesticide or device except those currently registered for legal use in this state.
- Have no pesticide applied except by a person certified in the applicable category and currently licensed by the state.
- Apply pesticides only when an infestation is present and only when the property will not reasonably be expected to be occupied for at least six (6) hours from time of the application.
- Maintain list of those students, parents and guardians who wish to be notified when pesticides will be applied.
- Maintain written records of pesticide application.

The School shall provide to the school contact person notice prior to the date and time the application of pesticides is to occur and shall provide the following information:

- The area or areas where the pesticide is to be applied.
- The date and time the application is to occur.
- The pesticide to be used.

Notice

Notice will be provided to those persons so requesting and signs will be posted indicating the location of the application of pesticides. In case of pesticide applications performed for or by public health agencies or emergency applications because of immediate threat to the public health, the office shall provide oral and, if possible, written notice, with posting of the area to be treated.

The Administrator shall prepare regulations for the implementation of this policy.
