

EBC—Emergencies

Emergency Preparedness

Disaster can strike at any time and cause wide-spread damage and injury.

Such disasters can be created by humans or the result of natural causes and can occur with little, if any, warning. Thus, it is the intent of the Board to create a systematic means to minimize the negative impact of any disaster on students, employees, visitors and others while on School property or at school-sponsored events.

To this end, the Administrator, with staff and community input, shall develop a School Disaster and Emergency Operations Plan which will include, but not be limited to the threat of:

- Chemical, biological and nuclear incidents;
- Bomb threats;
- Building collapse;
- Intruders;
- Hostage situations;
- Conditions of nature;
- Arson;
- Civil disturbances;
- Explosions; and,
- Vehicular accidents.

The plan will also designate specific emergency drills to be conducted.

The Plan shall be presented to the Board for approval.
