

EBAB—Hazardous Materials

The Administrator shall develop and implement an effective Hazard Communication Program (HCP). The program shall be reduced to writing, including all associated documents and will be maintained in the Administrator's office for review by employees and the public. The program will ensure:

- The development and distribution of a list of toxic substances used by School employees accompanied by procedures for their proper and safe containment and use.
- The development and provision of procedures and training regarding the purchase, storage, use, transportation and disposal of hazardous materials. Emergency response and evacuation plans will be part of the procedures.
- That whenever possible, School staff shall substitute non-hazardous materials for hazardous substances and minimize the quantity of hazardous substances stored in school facilities.
- That before any staff member begins a position requiring work with hazardous materials on a regular basis, the staff member attends an approved training course.
