

GB—General Personnel Policies

Governing Guidelines

Personnel policies adopted by the Board are to serve as guidelines for the efficient and successful functioning of the School.

The policies are framed and intended to be interpreted within the context of applicable state and federal laws and regulations. Changes in the laws and agency rules, as well as in the needs, conditions, purposes, and objectives of the School may result in revisions, deletions, and additions to the policies. Therefore, to the extent permitted or required by law, School personnel policies may be modified, amended, or repealed at any time as the Board determines to be in the best interest of the School.

No Vested Rights

No person shall be deemed to have a vested right to continuing employment or benefits associated with School employment except as may be required by law and provided in the respective employee's written contract or employment agreement.

Wherever inconsistencies of interpretation arise, the law and regulations prevail.
