

## **GCHB—Mentor Administrators**

### **Guidelines**

Mentors for administrators may be selected from a variety of sources including other school personnel, personnel from other districts and retired administrators. Mentors selected for principals and administrators with provisional licenses shall be experienced administrators; they shall be perceived by colleagues as effective; and shall be selected to match the experience of the new principal.

Administrative mentors must have demonstrated effective communication skills including problem solving and written communication; must have demonstrated skills in questioning and giving feedback; and must be committed to ongoing professional growth.
