

IGE—Curriculum Guides and Course Outlines

Core Knowledge Sequence and the Common Core

Curriculum guides shall be developed for the various subject areas based upon the Core Knowledge sequence and shown to correlate to the Common Core of State Standards. These guides shall present a minimal outline for instruction based on approved performance standards and a basis for further development of the particular courses.

School Philosophy

The guides shall be designed to assist users in implementing the School philosophy regarding the teaching of a subject and will, when possible, suggest a variety of possibilities for instruction, patterns of individualization, variations of approaches, and materials.

The Administrator will formulate procedures for the development and use of curriculum guides.
