

JRD—Student Photographs

Students' addresses and phone numbers shall not be included with any photos published in School-controlled media. If a photo does appear contrary to this policy, the Administrator shall be immediately notified to make every reasonable effort to cease publication or withdraw the photo(s) from display.

Parents /Guardians must take a positive action by returning the form in order to request restriction.

The form shall be included in or with the Student and Parent Handbook published annually. If any such form is not signed and returned by the parent/guardian of any student then the School will be free to use that student's photograph in school-controlled electronic and/or non-electronic media or release it to outside media organizations.

This policy does not apply to photos taken and published by media organizations outside the control of the School. In particular, photographs taken and published by local newspapers of any student participating in activities to which the general public is given open access, such as school sports, school plays, and school assemblies, is not restricted by this policy
