

KD—Public Information and Communications

Policy Intent

This policy is not intended to interfere with the responsibility of School personnel to communicate directly with the parents or legal guardians of a particular student in areas affecting that student's progress at school. It is intended to ensure that prompt, reliable, and accurate information is released to the parents and patrons of the School.

Informed Public

The Administrator has the responsibility of keeping the public informed as to the purpose, goals, methods, and progress of the educational program. Accuracy, reliability, and leadership in this area will develop confidence and understanding, creating better relationships between the School and the community. Prior to release, all written notices, bulletins, newsletters, and matters pertaining to students are to be approved by the Administrator. All school personnel are responsible for good public relations.

Non-School Material

Non-school-originated material of a commercial (excluding fundraising), political, or religious nature shall not be released through the students.
