

## **KJA—Relations with Booster Organizations**

Some of the strongest school support comes from parents or organizations having strong interests in specific students or school activities. Support from booster organizations is encouraged wherever appropriate as a means of involving the public in the activities and goals of the School. School personnel shall seek to strengthen and support booster organizations by cooperating in any way possible to provide assistance, materials, facilities, or other aid to assist them in helping the schools.

Close communication with booster organizations ensures greater harmony with the policies and goals of the School. The Administrator shall assume responsibility for the conduct of any organization approved for interaction with the students, staff, or program of the school.

The Administrator shall develop procedures as necessary for the guidance of school personnel who are involved with booster organizations.
